Privacy Policy

Data Protection Statement

Thank you for your interest in our website. The protection of your private sphere is very important to us. Listed below you can find detailed information about how we deal with your data.

We, Germany Trade & Invest, as the operators of the › www.iXPOS.de website take the protection of your personal data very seriously. We treat your personal data confidentially and in full accordance with statutory data protection regulations and this data protection statement.

Data Collection

We collect, process and use personal data only insofar as is required to establish, define or modify legal relationships (inventory data).

Certain areas of our website, specific information and services can only be accessed by personal registration. Here we request some personal information which you transmit by entering in the website.

All personal information is of course provided on a wholly voluntary basis. You are completely free to choose not to provide any of these details. However, this means that we are not able to provide you with any of our additional services, information or access to the restricted areas of the website.

Personal data for the use of our website (usage data) is only collected, processed and used (where required) in order to allow the user to make use of our services and for invoicing purposes.

Transfer of Data

We only transmit personal data to third parties if this is necessary to fulfill contractual obligations, e.g. passing information on to forwarding agents or financial institutes responsible for the handling of payments. No further transfer of the data takes place unless you have expressly approved such a transfer. We do not make any of your personal data available to third parties (e.g. for advertising or marketing purposes) without your explicit prior consent.

Website Data Processing

We automatically collect and save information in log files automatically submitted by your web browser. These are:

- Browser type/Browser version
- Operating system used
- Referrer URL
- Host name of accessing computer
- Server request time

This data cannot be attributed to specific individuals. A combination of this date with other data sources is not carried out.

Data Security

We use encryption technology for the transmission of personal information/data to ensure that the highest levels of confidentiality are maintained. Your personal data is encrypted using an SSL internet connection. We employ technical and organizational measures in order to safeguard our website and other systems against loss, destruction, access, modification and distribution of your data by unauthorized persons. Access to your customer account is only possible through your personal access information (user ID and password).

You should always treat your access information with the utmost confidentiality and close the browser window when you have finished your communication with us (particularly in instances where the computer is shared by one or more users).

Cookies

The website makes use of "cookies." These allow us to make our online service more user friendly, effective and safer. Cookies are small text files which your internet browser stores and saves on your computer. Most of the cookies we use are so-called "session cookies." These are automatically deleted once you have finished visiting our website. Cookies do not cause any damage to your computer and contain no viruses.

Newsletter

In order to receive the newsletter offered on our website, we require your email address and other information which allows us to verify that you are the owner of the email address stated. Further data is not collected. You can withdraw your consent allowing us to store your data, email address and cancel your newsletter subscription at any time.

Right of Access to Personal Data

You have at all times the right to information on the data we have stored with reference to your person, the origin of the data and its recipient as well as the purpose of its storage.

You can contact us at the email address provided if you have any questions relating to personal data not addressed in the data protection statement. Please write to: bernd.wohlgemuth@gtai.de
